NOUMAN ALI
FULL STACK WEB DEVELOPER

info@noumanali.dev | +92-325-2330003 | www.noumanali.dev

I thrive on new challenges as a Full Stack Web Developer, skilled in front-end and back-end development with a strong understanding of databases, servers and APIs. In addition to my technical skills, I have experience collaborating with cross-functional teams, including designers, product managers, and other developers, to ensure the successful delivery of projects.

Experience

Full Stack Web Developer at Upwork
May 2023 - Present - Full Time

- As an experienced full-stack web developer, I develop innovative digital solutions for Upwork clients and global clients, delivering high-quality services that drive business and drive sustainable growth.
- Driving digital success with passion and expertise, I help clients achieve their online goals by transforming designs into engaging user experiences and building scalable, secure web applications. Proficient in server-side development, API integration, and database management.

Full Stack Web Developer at GAINZ.AI
Feb 2024 - Present - Freelance

I'm working remotely with a London-based international company **(GAINZ.AI)** as a web developer, bringing ideas to life through:
- Design-to-code implementation.
- Collaborative team efforts.
- Daily communication via Slack and weekly meetings.
- Version control and code sharing through GitHub.

In this role, I'm responsible for developing innovative web solutions, actively contributing to the team's progress, and continuously exchanging ideas to drive project success.
